

# Defense Technologies International Corp. (DTII)

## DEFENSE TECHNOLOGIES INTERNATIONAL CORP. (DTII)

### SHAREHOLDER UPDATE

Del Mar, California (December 21, 2021) – Defense Technologies International Corp. (OTC: DTII) (the Company) and **Passive Security Scan Inc.** (the Subsidiary); innovative providers of security technology and systems with broad and diverse applications, **are proud of today's state of Defense Technologies.**

#### **REGRETFULL and AVOIDABLE SHOOTINGS.**

**9 school shootings and 235 non active school shooter incidents in 2021.**

[https://www.bloomberg.com/news/articles/2021-12-16/tiktok-school-shooting-threats-prompt-closures-and-more-police?utm\\_source=facebook&utm\\_medium=news\\_tab](https://www.bloomberg.com/news/articles/2021-12-16/tiktok-school-shooting-threats-prompt-closures-and-more-police?utm_source=facebook&utm_medium=news_tab)

The US Government is paying \$130 million in damages to the parents of murdered students in Parkland FL. That would have bought 30,000 Passive Portals to make all students in Florida 'Safe In, Safe Out'

<https://www.reuters.com/world/us/us-pay-130-million-resolve-claims-over-2018-parkland-school-shooting-2021-11-22/>

**We state with confidence that our passive portal would have alerted the attending security to anyone passing through the portal with a weapon, stopping shootings at schools and other public venues.**

#### **DTII/PSSI's Achievements – from Summer 2020 through 2021**

With the development of the Passive Portal, Zero-Radiation, walk-through weapons detector completed Mid 2020, the Company concentrated on and geared up its marketing program despite all the hurdles thrown our way by the pandemic. **We are looking to a successful future!**

*"After years of development and our normal lives interrupted by the Covid Pandemic... I am very pleased and proud of the Companies expansion and I look to an exciting and successful coming year. Our technology brings extreme safety and a renewed sense of 'Peace' to all involved." Says President Merrill W Moses.*

*We thank you for your support and we wish You and Yours a Merry Christmas, Happy Holidays and a healthy and successful New Year.*

### **About DTII and its subsidiary 'Passive Security Scan, Inc' (PSSI).**

PSSI is a private Utah Corporation and Subsidiary of Defense Technologies International Corp. (DTII). Passive Security Scan Inc. was formed to bring our **Passive Scanning Technology™** and our **Passive Portal™ weapons and the EBT elevated temperature detection systems** to the market, to improve public safety with a system specifically designed for public and private schools, sports arenas, and other public venues. The **Passive Scanning Technology™** was developed in 2005 and has been continually improved upon with the newest technological advances.

**The Passive Portal™** Zero-Radiation gateway is our newest model in production and ready for the market. **The EBT Station** recognizes elevated body temperatures, with an option for mask warning as well as Contact tracing.

**Forward-Looking Statements** This news release contains certain statements that may be deemed "forward- looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are no guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
