For more information on the Passive Security Scan Technology and the **Passive Portal**, please visit <http://www.defensetechnologiesintl.com/>

The "**Passive Portal**" technology is based on the 'Earth's Magnetic Fields' with no emissions emitted for detection and is therefore extremely safe for any person passing through the '**Passive Portal**'. The Passive Security Scan system uses highly developed field sensing technology using patented methods to sense and pin point the location of contraband detected.

Forward-Looking Statements

This news release contains certain statements that may be deemed "forward-looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
