

Defense Technologies International Corp. (DTII)

## DEFENSE TECHNOLOGIES INTERNATIONAL CORP. (DTII) Expands its Reseller Network.

Del Mar, California (July 16, 2021) – Defense Technologies International Corp. (OTC: DTII) (the Company) and **Passive Security Scan Inc.** (the Subsidiary); innovative providers of security technology and systems with broad and diverse applications, are pleased to announce the addition of a new Sales Representative.

The Company is pleased to introduce authorized representative VirExit of Richland, WA. as its latest addition to the Company's Sales-Force.

### **About VirExit Technologies, Inc.**

VirExit Technologies, Inc. (VXIT) (<https://virexit.com>) is a diversified company focused on innovative, effective, ethical, and safe products within the health, safety, and wellness verticals. In 2020, the company purchased SaferPlace Technologies, LLC, whose purpose is to create a primary sales and marketing platform as a vertical online marketplace. This new acquisition seeks to provide a single source for buyers and sellers of protective products and services which resonate with the VirExit mission statement: making the world a healthier and safer place with innovative, ethical and effective technologies. *"I am pleased to welcome VirExit Technologies, Inc. to our network and look forward to working with VirExit to expand the market for our 'Zero-Emission' Passive Portal weapons detector and our Elevated Body Temperature Camera 'EBT Station'. The team at VirExit and their proprietary online store will, without any doubt, be a driving force to secure our company's place as a 'Modern' safety and security system," says President Merrill Moses*

### **About DTII and its subsidiary 'Passive Security Scan, Inc' (PSSI).**

PSSI is a private Utah Corporation and Subsidiary of Defense Technologies International Corp. (DTII). Passive Security Scan Inc. was formed to bring our **Passive Scanning Technology™** and our **Passive Portal™ weapons and the EBT elevated temperature detection systems** to the market, to improve public safety with a system specifically designed for public and private schools, sports arenas, and other public venues. The **Passive Scanning Technology™** was developed in 2005 and has been continually improved upon with the newest technological advances. The **Passive Portal™** gateway is our newest model in production and ready for the market.

**Forward-Looking Statements** This news release contains certain statements that may be deemed "forward- looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are no guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
