DEFENSE TECHNOLOGIES INTERNATIONAL CORP. (DTII)

***Anniversary of 'Passive Portal' at
Myrtle Beach Police Department Detention Center, S.C.***

Del Mar, California (March 21, 2023) – Defense Technologies International Corp. (OTC: DTII) (the Company) and ***Passive Security Scan Inc.*** (the Subsidiary); innovative providers of security technology and systems with broad and diverse applications, **proudly announce the One Year Anniversary of the installation of the Passive Portal Zero-Radiation Weapons Detection System at the Myrtle Beach Police Department Detention Center S.C., creating a safer environment for law enforcement processing inmates at the Detention Center.**

The Company, on January 13, 2022, under the guidance of its National Marketing Director Jonathan Silver, Technical Director Rick Fluck (Inventor of the Passive Portal Technology) and David King Distributor for the Eastern Seaboard, successfully installed its Zero-Radiation Passive Portal Walk-Through Weapons Detector at the Myrtle Beach Police Department Detention Center S.C..

In addition to the Passive Portal, we introduced the Company's latest model of the EBT Unit (Elevated Body Temperature Camera) which was well received.

The Passive Portal and the EBT scanner performed at all times precisely to specifications as required by our technology.

Lt. Phillips, Myrtle Beach Police Department Detention Center, S.C.

"The Myrtle Beach Police Department S.C. is pleased that the Passive Portal Zero-Radiation Weapons Detection system & EBT (Elevated Body Temperature) screening station work as expected thanks to its unique technology. The accurate performance of the new Zero-Radiation Technology helps to address our top priorities including the security, safety, & health of our staff."

On Thursday, January 13th Jonathan Silver & his team of David King & Rick Fluck presented the Passive Portal to the City of Myrtle Beach Police Department Assistant-Chief Marty Brown & Lt. Phillips. The Passive Portal will make the detention center safer by helping security personnel scan inmates for weapons and contraband using the new zero-radiation Passive Portal. "Photos were taken by the talented Kathy Strauss of ImageWerks Photography."

"I am pleased to be able to announce the successful and accurate performance of our Passive Portal and EBT scanner at all times over the past twelve months since the installation at the Myrtle Beach Police Detention Center S.C.. Our Passive Portal is the only Passive-Sensing Zero-Radiation Walk-Through Weapons Detector. Our New EBT-Station" (Elevated Body Temperature) with the Mask- and Contact Tracing-Option is unique and unmatched." said Merrill Moses the Company's president.

About DTII and its subsidiary 'Passive Security Scan, Inc' (PSSI).

PSSI is a private Utah Corporation and Subsidiary of Defense Technologies International Corp. (DTII). Passive Security Scan Inc. was formed to bring our **Passive Scanning Technology™** and our **Passive Portal™ weapons and the EBT elevated temperature detection systems** to the market, to improve public safety with a system specifically designed for public and private schools, sports arenas, and other public venues. The **Passive Scanning Technology™** was developed in 2005 and has been continually improved upon with the newest technological advances. The 'Zero-Emission' **Passive Portal™** gateway is our newest model in production and ready for the market.

Forward-Looking Statements This news release contains certain statements that may be deemed "forward- looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are no guarantees of future performance and actual results may differ materially from those in forward looking statements. Forward looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
