*"It was my pleasure to introduce our PASSIVE PORTAL Walk-Through ZERO-RADIATION Weapons Detector during the interview on the ‘The Street Reports PODCAST’, and to bring awareness to the market of our ‘Zero-Emission’ Passive Portal **weapons detector** and our Elevated Body Temperature Camera ‘EBT Station’. The Units we installed in the Myrtle Beach area are performing exactly as expected.*

“Let’s start making our Schools safer for our kids”!

says President Merrill Moses

About DTII and its subsidiary ‘Passive Security Scan, Inc’ (PSSI).

Defense Technologies Intl Corp. OTC: DTII – is a security technology company known for their Patented ‘*Passive Scanning Technology*™’ (US Patent 7408461) and their ‘*Passive Portal*™’, a non-invasive, passive, walk-through advanced body scanner, which detects subtle changes in the Earth’s magnetic field caused by the presence of weapons (guns, knives, etc.) that may be concealed by an individual. The Passive Portal produces ZERO-RADIATION and poses no human health risk. For more information please see: <https://www.passiveportal.com/safety>.

The EBT Station, DTII’s latest technology, features Elevated Body Temperature and optional mask detection, which scans people’s temperature with zero contact and can provide contact tracing of the people scanned. The Passive Portal™ and the EBT Station are crucial tools in the fight against Terrorism, violent crimes, and infectious disease spread.
