**VIREXIT TECHNOLOGIES, INC. (VXIT)**

as

**Distributor for the State of TEXAS**

Del Mar, California (August 29, 2023) – Defense Technologies International Corp. (OTC: DTII) (the Company) and **Passive Security Scan Inc.** (the Subsidiary); innovative providers of security technology and systems with broad and diverse applications, are pleased to announce the addition of a Distributor for the State of Texas.

The Company is pleased to add **VIREXIT TECHNOLOGIES, INC. (VXIT)** a Wyoming Corporation to its Distributor Team.

#### **About VIREXIT TECHNOLOGIES, INC.**

VirExit Technologies is continuing to move forward with pioneering technologies that will be impactful and is being poised to make significant contributions in the security and healthcare/wellness sector. **VirExit pivoted to also add physical security to their portfolio as a distributor of Passive Security Scan, Inc. for the State of Texas, bringing a most effective Zero-Radiation Walk-Through Weapons Detector “The Passive Portal” to Texas.** VirExit is still negotiating and working closely with Maclean 756 and their innovative system that enhances the performance of existing commercial HVAC and airflow systems. The new VirExit website is anticipated being live before Labor Day, while VirExit is reviewing several other opportunities.

As the President of Passive Security Scan, Inc. I extend my sincere welcome as part of our team, and I assure you my full support. Thank you for joining our mission to protect lives for a safer future in the State of Texas and across our country.

*"I am most pleased to welcome our new Distributor from the State of Texas to our network and look forward to working with VirExit to expand the market for our 'Zero-Emission' Passive Portal weapons detector and our Elevated Body Temperature Camera 'EBT Station'. The team at VirExit will, without any doubt, be a driving force to secure our company's place as a 'Modern' safety and security system in the State of Texas," says Merrill Moses, President of Defense Technologies International Corp.*

#### **About DTII and its subsidiary 'Passive Security Scan, Inc' (PSSI).**

PSSI is a private Utah Corporation and Subsidiary of Defense Technologies International Corp. (DTII). Passive Security Scan Inc. was formed to bring our **Passive Scanning Technology™** and our **Passive Portal™ weapons and the EBT elevated temperature detection systems** to the market, to improve public safety with a system specifically designed for public and private schools, sports arenas, and other public venues. The **Passive Scanning Technology™** was developed in 2005 and has been continually improved upon with the newest technological advances. The **Passive Portal™** gateway is our newest model in production and ready for the market.

**Forward-Looking Statements** This news release contains certain statements that may be deemed "forward-looking" statements. Forward looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "plans", "anticipates", "believes", "intends", "estimates", "projects", "potential" and similar expressions, or that events or conditions "will", "would", "may", "could" or "should" occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are no guarantees of future performance and actual results

may differ materially from those in forward looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company's management on the date the statements are made. Except as required by law, the Company undertakes no obligation to update these forward-looking statements in the event that management's beliefs, estimates or opinions, or other factors, should change.
